## About

RT Rondelle is the result of an exploration into public transport signage typefaces. While building on this foundation it incorporates the distinctive characteristics of a highly specialized genre to become a versatile grotesque with a balanced geometrical touch. Grown out of the inspiration found in road and public transport signage typefaces, RT Rondelle embarks on a new life of its own, leaving behind the restrictions of its heritage to form a consistent and independent type family.

The “*Hartsfield-Jackson Atlanta International Airport*” is the main primary airport serving Atlanta and its surrounding metropolitan area, in the U.S. state of Georgia. The airport is located 10 miles, (16 km) south of the Downtown Atlanta district. It is named after former Atlanta mayors *William B. Hartsfield and Maynard Jackson*. Since 1998, Hartsfield-Jackson has been the world’s busiest airport by passenger traffic, with only one exception in the year 2020, when its passenger traffic dipped for that year due to travel restrictions resulting from the pandemic.

The *Swiss Federal Railways* (in German: Schweizerische Bundesbahnen, SBB; in French: Chemins de fer fédéraux suisses, CFF; in Italian: Ferrovie federali svizzere, FFS) is the Swiss national railway organization of Switzerland. It was founded in 1902 and has its headquarters in the capital of Bern. It was a government institution, but since 1999 it's been a special stock corporation whose shares are held by the *Swiss Confederation* and the Swiss cantons. It is the largest rail and transport company of Switzerland; it operates on most standard gauge lines of the Swiss railway.
